

ATTENTION SKIERS AND SNOWBOARDERS

Please review this safety information and study mountain and weather conditions.

Be advised that all poles, flags, fencing, signage and padding on equipment or objects or other forms of marking devices are used by the area to inform you of the presence or location of a potential obstacle or hazard. These markers are no guarantee of your safety and will not protect you from injury. It is part of your responsibility under Your Responsibility Code to avoid all obstacles or hazards, including those that are so marked.

Be advised that to board a lift is not allowed without sufficient physical dexterity, ability and knowledge to negotiate or to use such lift safely. Using a lift or any area trail when under the influence of drugs or alcohol is not allowed. Loading and unloading procedures are posted at the base of each lift.

IF YOU ARE UNFAMILIAR WITH THE AREA

Begin with runs marked EASIEST	●
Progress to LESS DIFFICULT	★
Advance to MORE DIFFICULT	■
If ability allows, use MOST DIFFICULT	◆
Very experienced, use EXPERT	◆◆

This system of difficulty markers is relative and only valid at this area. This system is not necessarily the same as a similarly rated trail at another area. Skiers/boarders should begin with the easiest trails regardless of ability level, until familiar with the trails at the area. During periods of low visibility or other inclement weather and snow conditions, the degree of difficulty of the ski/snowboard runs may change.

Please observe the posted **SLOW ZONE** areas by maintaining a speed no faster than the general flow of traffic. Fast and aggressive skiing/boarding will not be tolerated.
